OBJECTIVE

I'm a motivated student currently working towards my degree in Computer Science and Engineering at BV Raju Institute of Technology. I've gained hands-on experience through Projects, where I've developed skills.

EDUCATION

B.Tech in Computer Science, BV Raju Institute of Technology, Narsapur **2028**
CGPA: 8.7/10 TS, India

Intermediate (MPC), Sri Chaitanya Junior College **2024**
Percentage: 98% TS, India

SSC, Good Morning Grammar High School **2022**
Percentage: 9.5/10 TS, India

SKILLS

Programming Languages	C,Java,Python, HTML, CSS, JavaScript
Developer Tools	VS Code, Eclipse
Academic Coursework	Data Structures,Object Oriented Programming, DBMS
Soft Skills	Leadership, Team Management, Communication Skills

EXPERIENCE

Deloitte-Data Analytics Job Stimulation |Forage| Remote **December 2025**

- Completed a data analytics job simulation, analyzing business datasets to derive actionable insights.
- Performed data cleaning, transformation, and visualization to support business decision-making.
- Created interactive dashboards and reports to present findings to stakeholders.
- Applied data analysis techniques to identify trends and patterns in organizational data.
- Communicated insights through structured presentations and data storytelling.

PROJECTS

AI Smart Tourism Recommendation System: Developed an intelligent tourism recommendation system using Java and Object-Oriented Programming to suggest destinations based on user preferences such as interest, budget, and travel season. Implemented a preference-based recommendation algorithm to analyze travel data and generate personalized destination suggestions. Designed and managed a tourism dataset containing multiple destinations and their attributes to improve recommendation accuracy. Focused on providing eco-friendly and personalized travel planning solutions with efficient data processing and user-friendly interaction.

CERTIFICATIONS

C Programming	Sololearn
Java Programming	Sololearn
Python Programming	Cisco,Infosys,DataFlair,Sololearn

EXTRA-CURRICULAR ACTIVITIES

- Secured Second Prize in Science Odyssey (Poster/Model Presentation) during National Science Day 2025 at BV Raju Institute of Technology.
